

# HOPSCOTCH BOUTIQUE MONTHLY NEWSLETTER

## Revving Up for the busiest time of the year!

By Jennifer Dumas Turek

You know it's almost Springtime when you walk into your local feed store and see the large tanks and brooders filled with baby chicks and ducks! Our barn is ready for our chicks that come mid March! If you have not contacted us for a preorder hop on over to our website and click on the forms tab to locate our list of chicks and ducks that will be available.

### RHDV2 Rabbit Hemorrhagic Disease

**USDA Fact Sheet visit: [www.usda.gov fs-rhdv2.pdf](http://www.usda.gov/fs-rhdv2.pdf) ([usda.gov](http://usda.gov))**

### USDA APHIS | Avian Influenza

Scan the QR code to get up to date info on the latest information and reports of the AI Flu in your area. We have reinforced our barn with hardware cloth and plastic to make sure that all wild birds are kept out of our poultry area. We have also informed our customers that our Poultry area and Rabbitry is closed off to the public. We will do our absolute best to make sure that our flock of fur and feather friends stay safe.

# Available Bunnies!

Now that we have our website up and running, hop on over to check out our rabbitry page. We have Holland Lops, Mini Rex and Dwarfs in our nesting box and others that are ready to go. All of our buns come with a birth certificate, food, hay and a toy/treat in their welcome kit.

**Tip: Rabbits need lots of water! Consider changing out your water bottle to a ceramic or heavy water bowl for your bun. This way they will drink more and keep them healthy.**
